## MEDIA ALERT

### **Citizens' Investigation Reveals Obscene Materials in Prosper ISD Libraries— Requests for Removal Submitted to Officials**

(PROSPER, Texas)—On January 18, 2022, the Prosper Citizen Group Political Action Committee (“The PAC”) submitted Book Reconsideration Requests to Prosper ISD Leadership after an investigation by citizens identified dozens of books, many containing sexually graphic and other violent content involving minor children.

In total, more than 80 books were identified for reconsideration, and The PAC’s complaint contains titles directed at children as young as 5. An [announcement](#) to its members, including a link to the [Reconsideration Request](#) was published on The PAC website Tuesday afternoon.

“Most parents and taxpayers will find the contents of these books to be sexually graphic, violent, or otherwise age and developmentally inappropriate for school-aged kids. Some titles promote gender exploration and gender theory which has no basis in science,” said Aileen Blachowski, a Board member of The PAC. “They are harmful to children.”

“Let’s be absolutely clear—this is not book banning or book burning. This is conscientious parenting, and the two should not be conflated. We believe it is the responsibility of every parent to protect the hearts and minds of their children, and that is exactly what this group of parents is doing. Our publicly funded schools should not promote the sexual, social or political grooming of children. Attempting to do so behind the backs of parents will not be tolerated,” Blachowski said.

Prosper Citizen Group PAC Co-Founder Doug Charles said, “Our hope is that the PISD leadership, most of whom are parents themselves, will stand with the Prosper citizens who are also parents of students in the District, and cooperate swiftly with our request to protect our kids from sexual, social and psychological trauma that can happen when young children are exposed to obscene materials.”

Prosper Citizen Group PAC was formed in August 2021, by parents and residents that were exhausted by the incremental progressive agenda in their school halls and Town Hall. The PAC Mission is to advocate, educate and press for policies and candidates that support US and Texas Constitutional values, including individual liberty, limited government, transparency, accountability and fiscal responsibility.
